

Fool: Clear the floor and let us in
We hope your favour we shall win.
We'll tell a tale of a sailor bold
And his exploits in those days of old

FC: Nelson is our goodly son
With the navy's ships, his battles won.
He would fight for England's glory
The French, The Spanish and that's our story.

Nelson: In come I, Horatio Nelson.
I'm England's greatest sailor.
I fly the flag for all that's good
And I never will take failure.

Lady Hamilton: I am the Lady in the play
And Hamilton's my name.
No, not Christine, if you please
I'm Emma, Nelson's biggest squeeze.

Blown Apart: Aha! In come I, Monsieur Blown Apart
A small French man with Gallic flannel
With my charming looks, I'll make you start
Then sink your ships out in the Channel

Nelson: No garlic eating matelot can tell me what to do.
I'm British, steak and kidney, through and through.

Blown Apart: You silly admiral, you are a bore,
I'm France's greatest man-o-war.
Your English men are such a farce,
I'll stick the fleet right up your..... derriere.

FC: Two navies meet in awful battle
But our fighters still keep up their prattle.

Blown Apart: Oh, Horatio your fight's too rough
My ships are small and my cannon duff.
So, just turn around, do be kind
And let me sail in from behind *(Blown Apart makes a feint attack then turns away)*

Nelson: My dear man, not on your nelly
Not without the KY Jelly.
Before too long you'll feel like junk
Upon that floor, you'll soon be sunk! *(THEY FIGHT)*

FC: Nelson's wounded in the fight
His body's wrecked, not a pretty sight.

Nelson: The Frenchman's beat, he's in retreat.
The taste of victory is so sweet.
My wounds will heal, my blood will dry
Shame I've lost the sight of my right eye.

Lady Hamilton: Oh Horry, now your eye's gone
You cannot even peek.
How can you keep that patch on and
See me through the week?

Bull: Olà, *Rear* Admiral, I come from Barcelona
I like your Lady Hamilton
I'll make her squeal and moan a

Nelson: Well, Ditch the Euro, save the pound.
You're a Spaniard, I'll be bound!

Bull: Oh Nelson, those words make my hot blood rise!
Your end will make a worthy prize.
It's my turn now to bash your fleet
So set sail soon and feel the heat!

Nelson: Aha! A foreign chap with bad intent
A sailing in our water.
I'll strike his ships without delay
And send him to the slaughter.

Bull: I'll gore your guts; I'll bore your bum
You're going to wish you hadn't come.
You'll soon say you've had enough
When I've ripped your arm right off! (*THEY FIGHT quickly*)

FC: Nelson, Nelson, what have you done?

Nelson: I've gone and stabbed him up the bum.

Fool: Yes what a fight, all his enemies fly.
He just couldn't let a dago by

Lady Hamilton: Oh but Horry, where's your arm gone?
How can you hug me tight?
How can you take your trousers off?
And hold yourself upright?

Nelson: Emma, Emma just think about
Those nights of 'armless fun.
On the poop deck, in my bunk.
I'll always be your naval hunk

Lady Hamilton: Oh, Death cannot take my Admiral.
He is the fleet's delight.
And when he comes to Portsmouth
I harbour him all night.

FC: Our admiral's sinking fast.
His next breath could be his last!
Is there a doctor in the place?
Who can bring a smile back to his face?

Fool Doctor come and try, Nelson's wounded in the eye
Oh Doctor do not linger, Bony has a broken finger
Doctor do not scorn, this Spaniard has a damaged horn

Lady H Doctor Doctor do be quick Horatio's wounded in the

Doctor Prick up your ears I don't want to shout
I'm a Doctor within and a surgeon without

Fool Without what?

Doctor Without a doubt, You need my skill
I've never seen people looking so ill

Fool Why should I believe your claim?
You Pompey quacks are all the same

Doctor Doctor Hardy is my name,
Resuscitation is my Game.
With mouth to mouth I'm never tardy
I'm famed abroad, as Kiss me Hardy

Fool Get on with it!

Doctor From my bottle let them take a swig
They'll soon be up with a sprightly jig.
It will firm the flesh and knit the bone
And may sprout hairs where none have grown.

Fool If his stuff can make those two stiffs rise
Then tonight *I'll* give Lady Hamilton a big surprise.

Doctor He's drunk the lot, that's the end of my booze
But I've something special here I can use
Viagra given by injection
Will guarantee a res-erection.

Blown Apart A goodly medicine indeed. That injection sure is magic.

Bull If I don't get a drink soon we'll all see something tragic.

Nelson: I'd like a drink too, make mine bacardi.
Failing that, just kiss me Hardy!

L.H: Horatio, you're whole again!
Let the flags be flown!
Emma expects you to do your duty
Now that you can hold your own!

Fool Well done Doc, you've saved the day

and for this deed we must repay.
We haven't much cash to pay your fee
I suppose there's no chance you'd do this for free?

Doctor I may be a quack but I'm not a duck
What do you take me for, some kind of schmuck?
Get some cash from these people here
Quickly now, I'll not wait all year.

FC: So...if you'll pass your coins in this direction
We'll finish off with the collection.
The Lifeboats are our worthy cause,
Please give us your money and some applause!
